Team Olivia appoints Ola Klingenberg as new President and CEO

The Board of directors of the care company Team Olivia has appointed Ola Klingenberg as a new President and CEO. Ola Klingenberg joins Team Olivia from a role as Regional Vice President Northern Europe of Clear Channel and he takes up his position on March 4 at the latest.

"We are delighted to appoint Ola Klingenberg as the new President and CEO of Team Olivia. Ola has a sharp focus on leadership, business development and digital processes, to mention a few of his strengths. He also has extensive experience of leading companies in growth both nationally and internationally. The Board of Directors is convinced that Ola Klingenberg will create the best conditions for good care to continue to grow with Team Olivia," says Gunnel Duveblad, Chairman of the board.

"Team Olivia is one of the fastest growing care companies in the Nordic and it will be exciting to be involved in shaping the continued journey. It is primarily Team Olivia's important role in the society, strong culture and committed employees who want to make a difference, which made me take this step. Team Olivia is operating on a fragmented and exciting market where the need for individualised and qualitative care increases, which makes the assignment of future-proofing the Group incredibly important. I look forward to doing this together with all our employees who work in the more than 50 local companies that are part of Team Olivia," says Ola Klingenberg.

Ola Klingenberg comes from a role as Regional Vice President Northern Europe of the international media and urban infrastructure group Clear Channel. Previously Ola Klingenberg held leading positions within the Bonnier Group and worked for McKinsey & Co. Ola has a Bachelor of Laws and Bachelor of Business Administration from Lund University. Ola Klingenberg takes up his role as President and CEO of Team Olivia on March 4, 2019 at the latest.

Dan Olsson, who has been CEO since 2015, has left Team Olivia to take on new challenges outside the Group.

"We want to thank Dan Olsson for his contribution to Team Olivia's development and wish him all the best in his future assignment", says Gunnel Duveblad, Chairman of the board.

CFO Markku Onnela is acting President and CEO until Ola Klingenberg takes up his position.
